Ridewell and The Regional Council

The Ridewell Service Centre is the public transport information service of the Wellington Regional Council's Regional Transport Division, which is responsible for the administration of all scheduled public passenger transport services in the Wellington Region. The Wellington Regional Council does not operate buses and trains itself, but many services are operated for the Regional Council on a contract basis. The company which operates each service is identified in the relevant timetable. A small team of inspectors is employed by the Regional Council to ensure that services are operated according to the timetable. To obtain information about all bus and train services in the Wellington Region, or to comment about the quality of any service, call the Wellington Regional Council's Ridewell Service Centre on 801 7000.
