Mr Huckstepp

Mr Huckstepp said that he had a simple proposal without ambiguity to paint a smiley face on the top surface of Greater Wellington's Ngauranga Reservoir. If the Regional Council supported the proposal in principle the Wellington region will then have an opportunity to voice an opinion on the proposal through a resource consent process.

Mr Walker

Mr Walker said a smiley face on the Ngauranga Reservoir would have an adverse effect on the quality of life for people living near the area. There were no economic benefits or cultural advantages and the smiley face would only be seen from the air by 1.7% of travellers in and out of Wellington airport.

Mr Wright

Mr Wright said he was a resident of Broadmeadows since 1974. He had a wonderful panoramic view and until now authorities had done everything possible to disguise the presence of the Ngauranga reservoir. Mr Wright produced photos for viewing by members. Mr Wright said the concrete on the reservoir had weathered and the colouring now blended in with the environment on the hillsides. Mr Wright noted that of those residents who can see the reservoir from their properties, 26 opposed and 9 supported the smiley face.

Mr Wright tabled the following documents:

- A letter dated 13 December 1995 from Dialogue Consultants Ltd to Mr Wright
- A page providing figures by Wellington Airport Company on arrivals and departures
- A copy of a report 02.443 dated 16 July 2002 from Andrew Samuel, Marketing Analysis Manager, Water Supply to the Utility Services Committee entitled *Private Proposal for a Mural for the Council's Ngauranga Water Reservoir*
- A letter dated 18 March 2003 to Mr Walker from Mr Samuel, Greater Wellington Water

- (3) Notes the results of the Greater Wellington-run survey of opinion about the proposal, conducted in the Broadmeadows area, be noted.*

CARRIED

Moved

(Cr Long/Cr Shields)

Reaffirms Greater Wellington's support for the proposed mural, subject to the proposer gaining the appropriate resource consent from Wellington City Council, be reaffirmed.

The above motion was **LOST**, 4 votes in favour and 4 votes opposed on the casting vote of the Chairperson.

When voting had been completed on the above item Councillor Thomas asked about the status of Councillor McDavitt when he attended meetings of the Utility Services Committee both as a member of the Committee and Deputy Chairperson of Council.

Mr Darroch said the Council Chairperson and the Council Deputy Chairperson are not members of the Utility Services Committee when considering Wellington Bulk Water Supply matters. Also the Deputy Council Chairperson does not vote when the Council Chairperson is present.

Procedural Matter

Councillor Werry said officers had advised that Councillor McDavitt, Deputy Chairperson of Council and an ex officio member of the Utility Services Committee should not have voted on the smiley face item while Councillor Shields, Chairperson of Council, was present. Councillor Werry suggested that it would be prudent for the Committee to reconsider the matter given the closeness of the voting.
