

**Report** 04.214  
**Date** 29 April 2004  
**File** WGN/04/0184/3

**Committee** Environment Committee  
**Author** Sarah Van Erp, Resource Advisor, Consents  
Management

## **Applications by Hutt City Council for Stage 2 of Silverstream Landfill**

### **1. Purpose**

To report to the Committee on the resource consent application from Hutt City Council received under the Resource Management Act 1991.

### **2. Background**

The background to the consent application is set out in the Officer's Report provided in Attachment 1. Hutt City Council has undertaken extensive consultation as part of their application and as a result all submitters have withdrawn their right to be heard. Therefore, under the Act there is no need to hold a formal hearing, but because the application was 'notified', the Environment Committee has delegated authority to grant the permit.

### **3. Negotiation of consent conditions**

Both the applicant and submitters have agreed to the recommended conditions. I am satisfied that the conditions are sufficient to avoid, remedy or mitigate the effects of the Stage 2 development of the Silverstream Landfill to the surrounding environs.

### **4. Communication**

All parties to this application will be informed of the Committee's decision in accordance with our obligations under the Resource Management Act.

## 5. Recommendation

*It is recommended that the Committee:*

1. *receive the report*
2. *note the contents; and*
3. *under delegated authority of the Greater Wellington Regional Council, grant, in accordance with Part II and sections 104, 105, 107 and 108 of the Resource Management Act 1991, land use consents WGN040184 [23262], [23263], [23253], [23256], [23259], [23260] and [23261]; and water permits WGN040184 [23250], [23254], [23258] and [23257]; and discharge permits WGN040184 [23248], [23251] and [23249] to Hutt City Council, subject to the conditions set out in Attachment 1.*
