Good morning

Please do not do this plan

There are a few reasons I would like to make

1. We are in a housing crisis and this will make it much harder to build homes
2. In my view we need to build more homes in places where there is land (Churton Park, Wainuiomata, Crofton Downs). Apartments are good for young adults but they are not good for raising a family. Kids need a garden where they can kick a ball and run around!
3. Cars are not the issue. It's petrol and diesel cars that are. Electric cars have ZERO emissions so what is wrong with cars. For areas with no public transport you should encourage people to replace petrol cars with electric cars
4. The bus isn't for everyone. A lot of people will always drive no matter what and you can't change their minds.

Please don't ignore this email please listen.

Thanks
